

The Rayen Record was published from 1899 until 1926 when it converted into a yearbook (The Annual) and full size newspaper (The Rayen Record) in 1927.

All during its 27 years as the Rayen School 'magazine' it included numerous ads from local businesses to help support the publications costs. These ads, viewed today as 'americana', are wonderful expressions of the past and a delight to look at.

Not Forgetting the Cradle Spring Frame

In 1913 we brought out the Cradle Spring Frame as the crowning feature for that year of the

Indian Motorcycle

But it was not only a 1913 improvement. It is a 1914 one as well. It will be a 1915—a 1916—a 1917 improvement because it is a basic achievement.

Not an attachment, but a truly great piece of constructive engineering, the Cradle Spring Frame is a working out of absolute shock-absorbing and vibration-eliminating principles.

It is the superlative comfort feature of a world of motorcycles. It cannot be imitated.

35,000 Cradle Spring Frames on the road—all making good riding better.
